NOTE: A new numbering system appears from this point. With no documentation, I do not fully understand it. Z EJ 14 Aug. 1991.

Marty Bonk letter dated 12/25/91 clears up some of the numbering system doubt expressed above. Marty wrote that classes ending in X denotes members who went through the "P" Phase (Airman) at Lakehurst instead of Norman, Oklahoma. I believe there were only two such classes, 5921X & 5924X.
