

Class 6704 (413)???

8X10" Class photo. Believe to be fall of 1966 or winter of 1967 (before April 1967) as the AG1 (Rod Elliott) was wearing Chief's uniform in April 1967. Want to put it with the RSO/RWS group but the numbers there are fairly well identified and it don't fit! The Chief may be Bob McCaffrey? There are 19 White Hats, 4 Marines and one WAVE in the class.

Dean Slack 7 Oct. 1992 letter says the Marine PFC Front Row left sure looks like Debiase that was in Slack's B6943 class. I agree and this must be an A school class picture?

Submitted by Mel Harder via email 5/14/2012: AGC Bob McCaffery is in the picture with Rod Elliot, but AGC McCaffery came up to teach B School by April 1967 at the latest. I believe this must have been an earlier AG A class than 6704.
