

## **AGB-6730**

**A Class photo adjacent to Class 6730 does not verify with the students listed on the 730 CS. Chief Frazar on this photo is indicated as AGC. There is no indication in the albums that there was a Class 6730 but it would fit the winter profile for graduation in late 1967 or early 1968 so am classifying this photo, which is identified on back, as Class 6730. NO CS. Photo UNDATED.**
