**Note Refer to Dean Slack Letter 7 Oct. 1992**

- 1. Delaney On the USS Saipan somewhere in 1976? May have spent a lot of time around Suitland.**
- 2. Vern Grey: I kept hearing his name around DC (Office of Oceanography?) in the early to mid 1980s.**
- 3. "Big John" Strumel: I believe he went to Moffett Field after "B" School.**
- 4. Overholt: LCPO of OA Division on a Saipan class ship out of Norfolk in 78?**
- 5. Ron Harris: He was in VW-4(or 1?) out of Guam when the Vietnam thing was going on in the early 70's and was the first in our "B" school class to make Chief. He came to instructor duty at Lakehurst somewhere around 73.**
- 6. Ron Semenak: Stayed on after "B" school to teach RSO. I "heard" that he passed away shortly after retiring.**
- 7. Rocky Lothian: I believe that Captain Corbeille mentioned to me that he had been an instructor in Chanute in the late 70's.**

**8. Hanner:** The other day I got a call from Leo Grenier and he told me that he had run into some guy that knew me. It turned out to be Hanner. He is working for some civilian weather outfit in the mid-west.

**9. McLeod:** I got him at Asheville around 80.

**10. Jim Teske:** I lost track of him when he went to the West coast after "B" school. Thanks for the up date.

**11. Havis Harber:** Cloak and Dagger (Green Door) type. He had worked very little within the rate but still finished first in the class. WOW!

**12. O'Brien:** Stayed on with me as an instructor of "A" school. I got to visit with him at the Pensacola reunion.

**13. Bob Koester:** Heard that he was on Midway Island before they closed it down. He was the LCPO of OA Division aboard the USS Lexington around 80.
