Bill Swarthout replied to my letter 27 Jul. 1992. That photo marked Unidentified 0022 is in fact B7302. The CS marked 7302 is correct and will be used to fill in some names that Bill made ID on. This photo must have been made near Graduation time.

Notes:

- 1. There is a Tomlin, Robert L. in B6521 and a Bauccho, V.J. in B6301. I have affixed names & initials to these two Chiefs in 7302 on assumption they are one and the same.**
- 2. Bill Swarthout made ID which in conjunction with ID made at NWSA 18 shows only 2 AG2 not Identified. They are Gleason, J.P. and Shadwick, J.A. Jr.**

- 3. There are 5 USMC listed on the CS and only 4 shown in the picture. None of the Marines are Identified.**
- 4. Bill Swarthout spells Von Auersberg vice Auersper and Estell vice Estela.**
