I talked to Dave Barlow, AGC USN Ret. 31 Oct. 1991. Dave lives just a few miles from me. He retired in April 1985 from FNOC. Told me he graduated from the last B school taught at Lakehurst, NJ and that graduation was 7 Dec. 1977. Will check with Dave later. He is having a fragment of a brain tumor removed 12 Nov. 1991 and this resulted from initial operation in Aug. 1991 not taking it all out.

While working SCRAMP races at Laguna Seca in Oct. 1992, Dave walked up to me and we had a nice chat. He is almost totally recovered from his last operation.
